THE JOYS OF MOVING TO SUMMERSIDE

Located in scenic Prince Edward Island on the east coast of Canada, Summerside is an oasis of opportunity. It offers the attractions and liveliness of a modern city without the challenges of a large urban centre. Quaint shopping districts, live theatre, beautiful beaches and a tasty choice of restaurants add to the pleasures of a diversified business community with vast investment and employment potential.

Surrounded by natural beauty bathed in fresh ocean air, Summerside residents enjoy exciting recreational activities, high quality public services and a low cost of living. There are so many reasons you will love living and working in Summerside.

OPEN ARMS TO IMMIGRANTS

Summerside welcomes immigrants from around the world with their know-how, skills, language, culture and religion adding to the diversity of this growing city. To ensure you will be able to integrate and participate fully in the Summerside lifestyle, our team of dedicated professionals provides community-based services to guide you through each step of the immigration process.

You will soon see that life in this friendly community provides an enviable standard of living. Inclusiveness, security and safety are the core values of life here.

SMALL COMMUNITY, BIG AMBITIONS

As Prince Edward Island's second largest city, Summerside is the primary commercial centre of Prince County. With a population of 16,000 and a local trading population of 45,000, it is the most densely-populated region of the county.

Summerside's economy has experienced significant growth and diversity in the past decade. Over 600 companies now call it home and enterprises range from business services and high technology to transportation, education, tourism, retail and light industry, with a focus on export markets. Twenty-five percent of businesses are large corporate and public institutions, seventy-five per cent have between 1 and 10 employees. It's an economy offering employment and investment opportunities for small business and multinational ventures alike.

LOWEST OPERATING COSTS

Summerside has developed one of the lowest cost operating environments in Canada. Always meeting and exceeding the needs of entrepreneurs, it is an ideal environment for investment in a wide variety of businesses, especially state-of-the-art technology, which is seen as a driver of the City's innovation.

Moreover, the Summerside environment is literally infused with entrepreneurial thinking. Growth and development are continuously nurtured by dynamic networks of business and community leaders working together. In Summerside, you never have to do it alone.

SUMMERSIDE REALLY ADDS UP

ENVIABLE LIFESTYLE

- Live more affordably with average house prices in the range of \$175,000
- Drive to work in 5 minutes – the average commute time in Summerside
- Relax in a safe community with crime rates among the lowest in Canada
- Swim and sail from an unspoiled waterfront and beautiful beaches
- Thrill to horse races at the Summerside Raceway
- Try your luck on the gaming floor at the Red Shores Casino
- Learn at great institutions from grade 1 to college and university
- Access to excellent new hospital

KEY LOCATION FOR BUSINESS

- Canada's East Coast, accessible to North East U.S. and Western Europe
- 24-hour development cycle between Europe, North America and Asia

LOWERED STABILIZED COSTS

- Low-cost operating environment per KPMG international rankings
- Interest-free loans, tax rebates and over 100 incentive options

EMPOWERING INFRASTRUCTURE

- High-speed fibre, smart grid technology and sustainable energy programs
- City-owned electric utility with 99% approval rating
- Atlantic seaport and developed waterfront facilities
- Fully serviced airport
- \$35 million multi-purpose sports and entertainment complex
- Move-in-ready office and industrial space

RELIABLE LABOUR FORCE

- Cited as one of the most productive and profitable by multinational partners
- Average job tenure 9 years
- Worker days lost lowest in Canada
- Custom training programs partnered through educational institutions and businesses

PARTNERSHIP FOR YOUR SUCCESS

- Assistance in reducing development time frames for new product introduction
- A North American wide network of key contacts to grow your business
- Understanding of the nuances of doing business in North America
- A track record of success with foreign direct investment

THE BENEFITS JUST KEEP ON COMING

GOVERNMENT SUPPORT

Economic incentives include:

- Access to standard innovation tax and labour rebate programs
- Additional discounts on cost of doing business: labour/rents/taxes/energy/permits

LABOUR

Rebates to help in your first year of operation

- 25% labour rebate for 1 year's salary on every net new employee

RENTALS

Financial assistance in helping establish your operations

- Year 1 can provide up to \$200 per month or \$2,400 annually
- Year 2 can provide up to \$6.00 per square foot

FINANCIAL TOOLS

In addition to labour and rental programs, PEI companies also have access to a suite of tools that assist R&D, product enrichment and specialized capital financing — both public and private — for assistance in the growth of your operations.

CAPITAL

Key support for leasehold fit-ups:

- Up to 25% on a max spend of \$40,000 or a \$10,000 grant for office leaseholds (computers/chairs etc.)
- Up to 40% on a max spend of \$40,000 or a \$16,000 grant for marketing

PARTNERSHIP

The City of Summerside provides opportunities for pilot projects and test beds through access to infrastructure, investment and contracts. Through our Living Lab program for firms in qualifying industries, the City makes its power grid and fibre network available, creating incredible economic value

**KEY LOCATION + LOWERED COSTS +
EMPOWERING INFRASTRUCTURE +
RELIABLE LABOUR + GOVERNMENT
SUPPORT = INVESTMENT SUCCESS**

SPEED

The City of Summerside represents a true entrepreneurial environment with low bureaucracy and systems to eliminate or cut through red tape. Assigned economic development professionals serve as concierges for prospects and efficient building capability provides significant cost advantages.

LOGISTICS

Summerside has easy access to all PEI ports, airports, highways and Confederation Bridge to the mainland. Moving goods and people around in Summerside is a breeze.

THE MANUFACTURING SECTOR IN SUMMERSIDE

GOVERNMENT SUPPORT

The manufacturing sector is one of the largest sectors in Summerside and the highest private sector employer. Businesses cover a wide and diverse range of industries including food processing, marine technologies, fabricated metal, aerospace, dairy and agriculture.

This sector is also one of the fastest growing, offering multiple employment and business opportunities.

WE ARE SEEKING

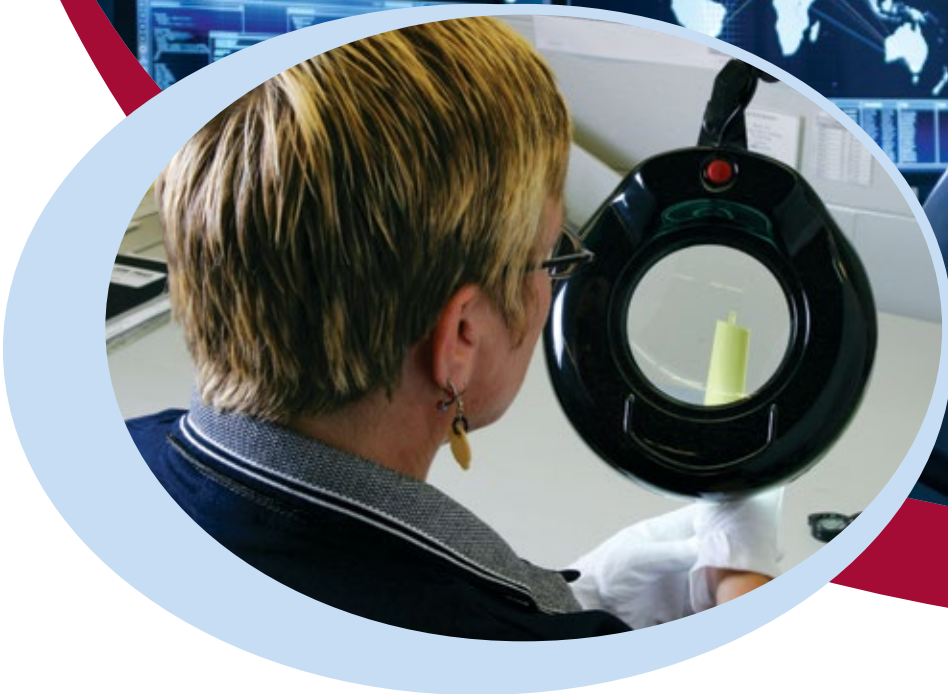

- Precision machining in aerospace, food processing and agriculture industries
- Environmental industry including technologies in the distributed energy and efficiency arena
- Building materials including next generation efficiency materials and design

THE IT SECTOR IN SUMMERSIDE

The City of Summerside is well known for its strong sense of community, open-for-business mindset and entrepreneurial spirit, with innovation ambitions at the forefront of activity.

Our Information Communications Technology (ICT) sector has become a major contributor to the strong economic growth taking place in Summerside and Prince Edward Island. Summerside's sound business fundamentals and progressive vision offer ICT companies a well-developed infrastructure, access to capital and sector-specific training institutions, and a quality of place unmatched by other jurisdictions.

In recent years, Summerside's ICT sector has seen an emerging focus on e-health software development, client servicing and support, and testing laboratories to support advancement in the health field.

OUR ICT SECTOR CAN BE CATEGORIZED INTO THREE MAIN STREAMS OF BUSINESS:

Development & Testing

Software and specialized application producers, built-in software

Direct Services

Development and maintenance of applications, consulting, outsourcing, network and telecom infrastructure integration and management

Enabled Services

Call centres, data support centres, telemarketing, business centres, online purchases administration

Summerside and Prince Edward Island are pursuing IT companies to join a world-class cluster in the City of Summerside. It is our belief that companies in this industry thrive when given the opportunity to collaborate with peers, share training costs and work together to influence government policy and incentive programs.

WE ARE SEEKING

- Small to medium-sized niche firms with a focus on development or support
- Companies seeking a prime test-bed for products as part of their R&D
- Firms seeking an environment where like-minded companies can collaborate and innovate
- Companies with smaller workforce requirements who will benefit from the unparalleled loyalty and work ethic of Prince Edward Islanders
- Firms seeking a state-of-the-art smart building developed with green principles and the infrastructure required by the IT industry
- Companies that see meaningful benefits in the aggressive incentives and competitive costs offered in Prince Edward Island

THE AEROSPACE SECTOR IN SUMMERSIDE

Contributing to Prince Edward Island's diverse economy, Summerside's aerospace industry continues to reach new heights. Some of the best-known names in aerospace are already here. Honeywell Engines Systems and Services, Vector Aerospace, MDS Coating Technologies Corporation, and Tronos Canada Inc. all have operations in Summerside.

Summerside's Slemon Park business centre offers very special and unique advantages for the aerospace industry. It is the focal point for the industry in Prince Edward Island and home to twenty per cent of the province's manufacturing. Featuring 600 hectares of prime industrial property, the Park includes more than 50,000 square metres of state-of-the-art manufacturing (component and sub-assembly within OEM supply-chain) in addition to aviation training for pilots, aircrew and airport management.

Tax Rebate Incentive Programs

All eligible aviation-related companies receive a full rebate annually on:

- All corporate income tax paid to the province for operations conducted at Slemon Park
- All real property tax attributable to ownership or rental of facilities at Slemon Park

WE ARE SEEKING

Slemon Park is uniquely positioned to facilitate turnkey solutions for maintenance, repair and overhaul (MRO) in all facets of aerospace, fixed-wing and helicopter. We are currently seeking firms engaged in:

- Airframe MRO
- Engines and engine accessories
- Avionics
- Manufacturing (T2/3)
- Component and sub-assembly
- Aviation training
- Pilot training

THE GREEN & RENEWABLE SECTOR IN SUMMERSIDE

The City of Summerside is widely recognized as a leader and early adopter of green technologies. Our unique municipally-owned infrastructure, combined with a business environment that encourages innovation, sets us apart from other communities.

Green jobs, green spaces, green buildings, green infrastructure – it is our priority to embrace sustainable and environmentally aware best practices across our entire community.

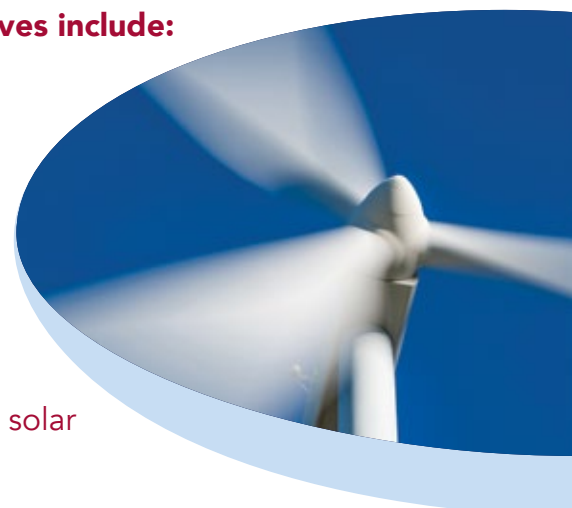

Some of Summerside's many green initiatives include:

- State-of-the-art wind farm
- Energy efficiency and smart grid
- Electric vehicles
- LEED-certified buildings
- Waste and water treatment

WE ARE SEEKING

Enterprises engaged in:

- Renewable infrastructure with a focus on solar
- Renewable storage
- Electric vehicles and vehicle testing
- X to Grid specializing in next generation micro-grid technology
- Smart metering.
- Development of software management systems
- Integration of renewables into utility and distributed power systems
- Development of biofuels from natural sources including plant and marine life

THE MARINE SECTOR IN SUMMERSIDE

Given the City's strong skill sets and infrastructure, investment in the marine sector continues to grow. To further such growth, the Province of Prince Edward Island has introduced a very special incentive.

Advanced Marine Technology (AMT) Tax Assistance Program

All eligible marine-related companies establishing operations within Prince Edward Island receive:

- Tax assistance for 10 years

WE ARE SEEKING

- Companies in all facets of marine technology

THE RETAIL & SERVICE SECTOR IN SUMMERSIDE

Summerside is Prince Edward Island's second largest city and represents 11% of the province's population. It is the retail and commercial hub of the western part of the province with over 600 businesses of which 115 are retail establishments. In recent years, retail sales for the immediate catchment area of Summerside have totaled over \$350 million annually. More than half of that figure was spent in the city of Summerside itself.

Summerside has several sections designated for profitable retail enterprise and a wide variety of available retail spaces. It offers the perfect location for establishing your franchise or outlet.

Summerside highlights include:

- 11.8% of the population accounting for 16.3% of the province's retail sales of almost \$250 million in 2017
- 36.2% of Prince County's population generating 55.7% of its total retail sales
- Growth is easily available by stemming the annual 10% leakage of retail sales, approximately \$40 million, from Summerside and Prince County. (Residents make shopping trips to Charlottetown and across the Confederation Bridge to Moncton, New Brunswick.)

WE ARE SEEKING

- Franchises and independent merchants in all businesses

THE LIVING LAB IN SUMMERSIDE

A Living Lab is a platform for industry to collaborate with government in exploring real-world issues and demonstrating how innovation can provide solutions. The overarching goal of Summerside's Living Lab is to advance innovation and create export development opportunities in partnership with early start-ups or established enterprises, while assisting our City's growth.

The Lab brings together partners with a shared vision that will produce results for those who wish to build business models for advanced deployment in earlier stages of product life. With its unique and empowering infrastructure, Summerside is a test bed for firms looking to develop real market solutions, validation, and full-scale deployment of products and services.

GET TO MARKET SOONER

The Problem:

You face challenges in testing, prototyping and commercializing your technology. Establishing product validation presents a major barrier.

The Solution:

A City devoted to reducing development time and providing validation in a fail-fast/fail-cheap environment. It's a unique opportunity and the perfect answer for rapid commercialization.

The Bottom Line:

Summerside provides a robust and sophisticated environment with an exclusive range of empowering assets including its own electrical company, renewable energy and fibre optic network. It operates to your advantage in a completely open and mutually beneficial collaborative manner.

Given its empowering infrastructure and long list of experienced partners, Summerside's value proposition is the ability to test, accelerate and produce results that have substantive benefit for other jurisdictions. We plan to become a City that not only develops

innovation and technology, integration and next-generation products, we intend to be an early adopter demonstration source that grows jobs and exportable solutions for other jurisdictions worldwide.

Summerside is a true validation centre where you can develop, test, refine and prove products and technologies and then export them to worldwide markets.

WE ARE SEEKING

With a virtually endless variety of development and test applications for Summerside's real-life environment, a few matching current priorities are:

- Electric storage and grid Integration
- Electric vehicles
- EV car charger solutions with battery storage
- Security and surveillance
- Appliance control
- Residential environmental controls
- Smart home innovation
- Medical home care solutions
- Solar energy integration
- Biofuel from waste
- Advanced IT development
- Interoperability for big data

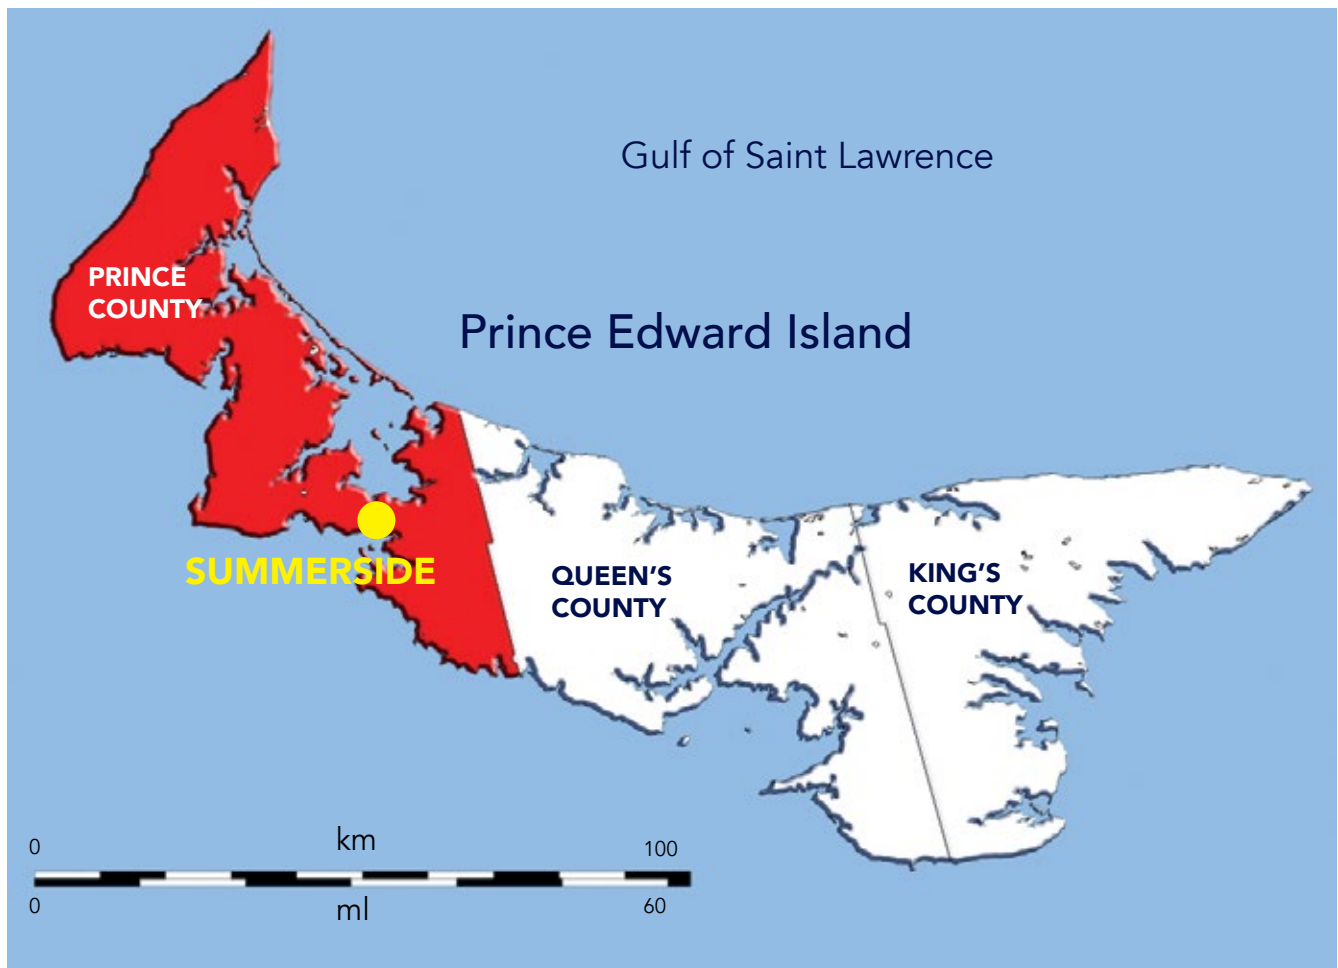

YOU'LL BE CLOSE TO EVERYTHING

Summerside has a trading area population in excess of 45,000 people representing 35% of the Island population. 75% of the Island population is within an hour's drive of Summerside.
